

REBATE CASE IS POSTPONED UNTIL DECEMBER FOURTH

Court Orders Limited Bill of Particulars.

MCKINLEY COUNTY JURIES TO BE DRAWN HERE NEXT WEEK

The hearing of the action of the Caldonian Coal company of Gallup against the Santa Fe railroad and the Colorado Fuel and Iron company, for \$400,000 damages for alleged conspiracy to injure the business of the New Mexico company through freight rate discriminations will not be heard until the 4th of December.

Judge Abbott in ruling yesterday morning on the request of the defendants for a bill of particulars from the plaintiffs, postponed the hearing from November 13th to December 4th and gave the jury a recess until that time. In ruling on the motion for a bill of particulars, the court granted the petition in part, ordering the plaintiffs to file a limited bill setting forth the various items going to make up the total of \$400,000 asked to be paid. The defendants asked for a bill which would set forth each particular instance in which damages are alleged to have been suffered, what sales of coal were prevented by the alleged discrimination by the railroad in favor of the fuel company and the detailed grounds of the action. This part of the petition the court denied. The official order is now being prepared.

The case is attracting attention in railroad circles all over the country, and it is expected that Albuquerque will be the scene of a legal battle of no small proportions when the matter comes up for hearing. It is understood that the plaintiffs will call upon some of the chief officials of the Santa Fe and that the testimony will be very extensive.

Mckinley County Jurors.
Judge Abbott yesterday announced that the grand jurors for the coming term of the McKinley county court will be drawn at the court house in this city, November 8th, next Wednesday.

THE CITY HALL IS FALLING DOWN

CITY MAY YET HAVE A NEW BUILDING WHEN FORCED TO LEAVE OLD ONE.

After several months in which the projected city hall for Albuquerque has apparently been forgotten by the council, the matter was brought up by Mayor McKee last night with a request for a report from the building committee in charge of the matter. Dr. Harrison, chairman of the committee reported that he had received a price on the property opposite the city hall and that he had been unable to get a reduction. He said for his part he approved the purchase of that property. The committee was asked to make further investigations and report definitely at the next meeting. Mayor McKee said he had been informed that the plaster had been falling off the city hall and that it would be impossible to stay in the building much longer. He thought the city hall project should not be allowed to rest much longer.

FRESH CIDER AT MALOY'S.

SCHOOL BOARD TO EQUIP MUSIC DEPARTMENT

ENROLLMENT CONTINUES TO MOUNT SKYWARD, OCTOBER BREAKING ALL RECORDS.

At the regular meeting of the board of education last night an appropriation was voted to supply music and equipment for the music department of the high school. The equipment will be complete and will enable the faculty to proceed with the work of this branch at once.

Another jump and another broken record in enrollment were reported by Superintendent Clarke, the enrollment for October going on the average to 1,520, far over any previous record for this month. The schools are crowded but the work is going on smoothly and the board expressed approval of the general condition of the system.

Permission was granted to the New Mexico Educational association to be held here in December. The board also approved the material content to be held as a feature of this meeting. Dr. Briggs of the board has offered a ten dollar prize to the successful competitor in the local contest who will represent Albuquerque in the larger event. The contest will be held in Elks' theater. The board transacted considerable routine business.

FRESH CIDER AT MALOY'S.

BADGER FIGHT PROVES EXCITING

SEVERAL PROMINENT CITIZENS SEE UNIQUE CONTEST FOR FIRST TIME.

Quite a number of prominent Albuquerque men were present at a badger fight last night held in an upstairs room in the business district. Several of the spectators saw the unique contest for the first time and are properly enthusiastic. Owing to the rigid police regulations the place is kept a secret, and also the names of the spectators. Both the animals are badly worn out as the result of the battle last night, and the contest for tonight has been called off. It is understood, however, that another fight will be pulled off in the Casino in Old Albuquerque tomorrow night, a prominent young promoter who saw the fight for the first time last night, having agreed to match his forty-one pound bulldog against the badger.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach and liver tablet seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," says H. S. Webster & Co., Toronto, Canada. For sale by all druggists.

Cause of Headaches

You must look well after the condition of your liver and bowels. Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia. Ayer's Pills are genuine liver pills. We have no secret! We publish the formula of all our medicines. J. C. Ayer & Co., Lowell, Mass.

The Theater

"Carmen" Tonight.

The Ethel Tucker Stock company presented the first attraction of their week's engagement at the Elks' theater last night and were greeted by a house so crowded that a vacant seat was as rare as a day in June or an honest life insurance president and many were standing. The company makes a feature of its low prices, twenty-five and thirty-five cents and no one who attended the performance last night can complain that he didn't get the worth of his money. There was something doing every minute and part of the time between the minutes, and in its class the company is all right. Some clever specialties were sandwiched in between the acts last night and it was a lively performance all the way through. Tonight Ollie Eaton as Carmen will hold the boards and the company claims this is one of the best attractions of the week. It will be followed Wednesday night by "Dr. Jekyll and Mr. Hyde," Thursday by "Theima" with "Sapho" Friday night. Foxy Grandpa will do stunts Saturday afternoon and the engagement will close Saturday night with "Across the Desert."

The between-act specialties are different every night in the week and if they are all as good as those last night there will be no "kick" coming.

El Paso Is Up Against It.
L. M. Crawford, of Topeka, Kansas, manager of the Crawford circuit of theaters extending from Kansas City to the Pacific coast, was in the city last night on his way to El Paso. Mr. Crawford is lessee of the Mylar house in El Paso which was destroyed by fire Saturday night and he is going to see what can be done to provide a place for the string of attractions he has billed for El Paso of the old one if possible. He did not know the exact extent of the loss to the Mylar house but understood it to be a total wreck.

Distinctly Different, In Every Way the Best

The Weekly Globe-Democrat, of St. Louis, covers a field peculiarly and exclusively its own.

It is issued twice every week. A big SEMI-WEEKLY paper. Eight to ten large pages every Tuesday and Friday. One Dollar a year.

Nothing particularly different, you say, about that, there are other "Twice-a-Week" papers.

Yes, but similarity ends there. No other paper is like the Globe-Democrat in any other respect. No other paper equals the Globe-Democrat in any respect.

An entirely unique feature of the Globe-Democrat, a feature which is highly prized by its readers, is its systematic method of preserving and presenting the CONTINUITY OF NEWS.

The two papers each week, Tuesday and Friday, are carefully prepared with the view of giving the complete news of all the world for that week.

They are so combined in the make-up as to form continued and connected stories of the various important events showing the developments from day to day and the final results.

Other weekly and twice-a-week papers, as a rule, print only a few telegrams of the day of issue.

The "Twice-a-Week" Globe-Democrat gives the telegrams of every day in the week more comprehensively than the average Daily, and of more value to the average reader.

Moreover, the "Twice-a-Week" Globe-Democrat is not simply an echo of the Daily edition.

It is a separate and distinct publication, especially prepared to supply the requirements of people who want all the news of all the earth and something more.

It presents the World's daily history in concise but complete form. It is of equal interest in all parts of the United States. It is invaluable alike to men and women, young and old.

It thoroughly provides for every member of the family. In high-grade literature it particularly excels. Its market reports are correct and complete in every detail.

Its departments devoted to "The Home," "The Farm and Garden," "The Family Circle," "The Sunday School," "Science and Industry," are each and all THE BEST of their kind and either one is more than worth the subscription price of the paper.

In politics it is strictly REPUBLICAN, but it is above all a newspaper, and it tells the truth without fear or favor. It has no equal or rival as a great National news and home journal.

Remember the price, only One Dollar per year—104 papers—less than one cent a copy. Postage prepaid.

You will make no mistake if you send \$1.00 TODAY for a year's subscription. Or you can get your own paper ONE YEAR WITHOUT COST by inducing two of your neighbors to subscribe and sending their names with \$2.00.

FREE SAMPLE COPIES, containing order blanks and full particulars, will be cheerfully furnished upon receipt of postal card request. Address Globe Printing Company, Publishers.
